1. YOUR CAREER PROFILE

Basim, your assessment reveals a strong and focused technical profile — elite dual Numerical (8/10) and Verbal (8/10) aptitude, strong Administrative skills (7/10), solid Mechanical aptitude (6/10), and outstanding Emotional Intelligence (4.75/5). Your Skill Proficiency of 33/50 reflects a genuinely capable technical foundation. Your recommended careers — Banking and Insurance, Market Research Analyst, CFA Investment and Wealth Management, Fintech, and Financial Risk Management (FRM/ERM) — are all quantitative, analytically intensive, and among the highest-earning professional finance and technology careers available. Both subject recommendations — Mathematics with any stream and Commerce — confirm that Commerce with Mathematics is the unambiguous stream direction, with Mathematics as the non-negotiable anchor.

Your Core Strengths

Strength	Score	What This Means for Your Career
Emotional Intelligence: 4.75/5	4.75/5	Highest personal quality and near-perfect. Outstanding interpersonal depth that distinguishes elite banking advisors (client trust and relationship management), market research analysts (stakeholder interviews and qualitative insight), investment managers (client portfolio advisory), fintech product leaders (user empathy), and risk managers (board-level crisis communication).
Numerical Skills: 8.00/10	8.00/10	Elite — directly powers banking and insurance (financial analysis and actuarial calculations), market research (quantitative data analysis), CFA investment management (financial modelling), fintech (financial algorithms), and FRM risk modelling (statistical risk calculations).
Verbal Skills: 8.00/10	8.00/10	Elite — rare in finance profiles. Powers market research reporting (insight communication), banking client advisory, CFA research publication, fintech product communication, and FRM risk reporting to boards and regulators. Outstanding quantitative professionals who can also write and communicate are genuinely rare and highly valued.
Administrative Skills: 7.00/10	7.00/10	Strong — directly supports banking compliance documentation, market research project management, CFA portfolio administration, fintech product roadmap management, and FRM risk register and regulatory reporting.
Mechanical Skills: 6.00/10	6.00/10	Solid practical aptitude — supports fintech (technology systems understanding), banking digital infrastructure, market research data platforms, and the applied modelling tools of investment management and risk analysis.

Areas to Develop

Area	Score	Development Action
Logical Skills: 4.00/10	4.00/10	Most critical technical gap. Begin 15 minutes of daily logical reasoning practice from Grade 9 — data interpretation, pattern recognition, and analytical reasoning exercises. FRM quantitative risk modelling, CFA financial analysis, market research data interpretation, and banking credit risk assessment all require strong logical reasoning. This gap is most efficiently addressed through daily practice from Grade 9.
Engagement: 2.75/5	2.75/5	Build sustained focus through structured daily study routines with non-negotiable sessions. CFA, FRM, CA, and banking examination preparation all require disciplined multi-year commitment. Begin one non-negotiable daily study habit — same time, every day — from Grade 9 today.
Realistic: 0.00/5	0.00/5	Build practical engagement through banking awareness visits, market research fieldwork observation, fintech product exploration, and hands-on investment simulation games. Finance is a practical profession — begin engaging with real financial markets and products from Grade 9.

2. YOUR CAREER INTERESTS & MOTIVATIONS

Your assessment explored different types of career interests, helping identify roles where you will feel naturally engaged and motivated.

Interest Type	Your Score	Career Implications
Enterprising (Leadership & Business)	2.00/5	Joint primary driver — developing business orientation aligns with banking (commercial leadership), market research (agency business development), CFA investment management (portfolio leadership), fintech (product entrepreneurship), and risk management (advisory consulting leadership).
Investigative (Research & Analysis)	2.00/5	Joint primary driver — analytical curiosity directly powers market research (data investigation and consumer insight research), CFA investment analysis (market and company research), FRM risk modelling (risk factor investigation), fintech (product-market research), and banking credit and financial analysis.

3. YOUR CAREER PATHWAYS — MATCHED TO YOUR PROFILE

Based on your Individuality Profile, Passion Exploration, and Skill Proficiency, the following careers have been identified as your best matches.

EXCELLENT FIT Careers (Top 5)

Career	Salary Range (India)	Why It Fits You
Banking and Insurance	5L to 35L+	Your elite Numerical (8/10), Administrative excellence (7/10), Verbal skills (8/10), Emotional Intelligence (4.75/5 for client relationships), and Mechanical aptitude (6/10 for digital banking systems) align with banking and insurance — from retail and corporate banking to insurance underwriting, actuarial analysis, and financial advisory. India's BFSI sector is one of the largest employers of quantitatively skilled professionals. Bank PO, IBPS, and CA qualifications are the primary entry pathways.
Market Research Analyst	5L to 28L+	Your elite Verbal skills (8/10 for qualitative insight communication), Numerical aptitude (8/10 for quantitative data analysis), Administrative precision (7/10 for research project management), Emotional Intelligence (4.75/5 for stakeholder and consumer interviews), and Investigative interest (2.00/5) align with market research — designing research studies, collecting consumer data, analysing market trends, and communicating strategic insights to business decision-makers. A career that rewards both Basim's quantitative and verbal excellence simultaneously.
Investment and Wealth Management — CFA	8L to 80L+	Your elite Numerical (8/10), Verbal (8/10 for investment research communication), Administrative (7/10), Emotional Intelligence (4.75/5 for client advisory), and developing Investigative interest align with the CFA — the world's most respected investment management qualification. CFA charterholders manage portfolios, conduct equity research, and advise on asset allocation. Basim's rare dual 8/10 technical profile is highly competitive for CFA preparation.
Fintech	8L to 80L+	Your Numerical (8/10), Verbal (8/10 for product communication), Administrative (7/10), Mechanical (6/10 for technology systems), Emotional Intelligence (4.75/5 for user empathy), and developing Investigative and Enterprising interests align with fintech — building and leading financial technology products in payments, lending, wealth management, and insurance technology. India's fintech sector is the world's third-largest by transaction value.

Risk Analysis — FRM / ERM	8L to 65L+	Your Numerical (8/10), Administrative excellence (7/10), Verbal (8/10 for risk reporting), Mechanical (6/10 for risk modelling tools), and developing Investigative curiosity align with financial and enterprise risk management. The FRM (Financial Risk Manager — GARP) and ERM (Enterprise Risk Management — RIMS) are the global benchmark risk qualifications. Risk managers apply quantitative models and clear communication to protect organisations from financial, operational, and strategic risks.
---------------------------	------------	---

GOOD FIT Careers (Top 5)

Career	Salary Range (India)	Why It Fits You
Chartered Accountant (CA — ICAI)	8L to 60L+	India's most respected professional finance qualification — directly enables Banking Manager, Insurance Analyst, and CFO-track careers. Leverages elite Numerical (8/10), Administrative (7/10), and Verbal (8/10) for India's highest return-on-investment professional credential.
Consumer Insights Analyst / UX Researcher (Fintech)	6L to 30L+	Bridges market research and fintech for understanding user behaviour in financial products — leverages Emotional Intelligence (4.75/5), Verbal (8/10), and Numerical aptitude for the most human-centred fintech research career.
Insurance Actuary	8L to 45L+	Leverages elite Numerical (8/10) and developing Logical reasoning for statistical risk modelling in insurance — one of India's highest-paying specialist finance careers; IAI or IFoA actuarial qualification.
Investment Banking Analyst	10L to 80L+	Builds on CFA and banking foundations for M&A advisory and capital markets — leverages dual 8/10 Numerical and Verbal profile and Administrative precision for India's and the world's most financially rewarding finance career.
Compliance Officer / Regulatory Risk Analyst	6L to 35L+	Specialises within risk management and banking for regulatory compliance monitoring — leverages Administrative (7/10), Verbal (8/10 for regulatory documentation), and Numerical precision for structured, precision-demanding financial compliance careers.

4. YOUR ACADEMIC ROADMAP

Recommended Stream for Grade 11-12: Commerce with Mathematics

Both subject recommendations — Mathematics with any stream (first) and Commerce (second) — confirm Commerce with Mathematics as the clearest and most powerful stream. Accountancy directly builds the banking knowledge, financial reporting foundations, and CA qualification pathway. Business Studies provides management and commerce context for banking, fintech, and risk management. Economics develops the macroeconomic and financial market understanding for CFA research, banking credit analysis, and FRM market risk. Mathematics maximises Basim's elite Numerical advantage and builds the quantitative platform for CFA, FRM, banking examinations, and market research analytics. English maximises Verbal excellence (8/10) through rigorous analytical writing and professional communication practice — directly powering CFA research reports, market research insight documents, and banking client advisory.

Stage	Recommendation
Grade 11-12 Stream	Commerce with Mathematics — Accountancy, Business Studies, Economics, Mathematics, English (Unambiguous Primary Stream for all five careers)
Focus Subjects	Mathematics (most critical — maximise dual 8/10 Numerical advantage for banking entrance, CFA, FRM, and market research analytics); Accountancy (CA Foundation, banking, and financial reporting foundation); Economics (CFA and banking macroeconomic context)
Programming Note	Begin Python or R programming from Grade 9 — 15 minutes daily. Python is the primary language of fintech, market research data analysis, and quantitative risk modelling. Beginning from Grade 9 builds genuine competitive advantage for fintech careers and market research analytical roles by Grade 12.
Competitive Exam Target	CA Foundation (ICAI — register Grade 12; highest priority for banking and finance careers); IBPS PO / SBI PO (banking); IPM-AT (IIM Indore — most ambitious management launch); Symsiosis SET / NMIMS NPAT for BBA Finance; CFA Level I from UG Year 2
Grade 9-10 Priority	Three daily habits: (1) 30 minutes Mathematics; (2) 15 minutes logical reasoning practice — most critical technical gap; (3) 20 minutes financial and market news reading (Economic Times, Mint, Nielsen reports). Begin NTSE preparation from Grade 9.
Extra-Curricular	Finance or investment club, business case competition, school economics quiz, Python/coding club (fintech preparation), market research awareness project, NTSE preparation, debate and MUN for Verbal development

5. EDUCATION PATHWAYS (UG to PG)

Undergraduate (UG) Options

Programme	Duration	Career Leads To
B.Com (Hons.) with CA Foundation parallel (SRCC / DU / Central University)	3 Years + CA	Banker, CA, Insurance Manager, Financial Controller, Risk Analyst, CFO Track
BBA Finance / BBA Business Analytics (IIM IPM / Symbiosis / NMIMS)	3-5 Years	Market Research Analyst, Investment Analyst (CFA track), Fintech Product Manager, Risk Analyst (FRM track)
B.Sc. Statistics / Economics / Mathematics (DU / ISI / Ashoka)	3 Years	Market Research Analyst, Quantitative Risk Analyst, Actuarial Analyst, Data Scientist (Finance), CFA Track
B.Tech Computer Science with Finance (IIT Madras Online / IIIT)	3-4 Years	Fintech Product Manager, Financial Technology Engineer, Risk Technology Developer, Quantitative Analyst
BA Economics with Banking / Finance elective (DU / JNU / Ashoka)	3 Years	Banking Officer (with IBPS), Market Research Analyst, CFA Track, Insurance Analyst, Risk Consultant

Postgraduate (PG) Options and Professional Qualifications

Qualification / PG Programme	Specialisation and Career Pathway
CA (ICAI) — Chartered Accountancy	India's most respected finance qualification; Banking Manager, Financial Controller, Auditor, and CFO-track career pathway
CFA Level I / II / III (CFAI)	World's most respected investment qualification; portfolio management, equity research, wealth advisory, alternative investments
FRM Part I / Part II (GARP) / ERM (RIMS)	Global risk management qualifications; market risk, credit risk, operational risk, enterprise risk management at banks and corporations
MBA Finance / MBA Analytics (IIM / ISB / XLRI / IIT)	Strategic finance, investment banking, fintech product management, market intelligence leadership, risk management directorship
IBPS PO / SBI PO (Banking Entrance — post-graduation)	Public sector banking officer pathway; probationary officer to branch manager and regional director career progression

6. ENTRANCE EXAMS AND PREPARATION TIMELINE

Exam	For Admission To	Preparation Timeline
CA Foundation (ICAI) — primary finance qualification pathway	Chartered Accountancy — Banking Manager, Financial Controller, Auditor, CFO Track	Register in Grade 12; attempt post-Grade 12. Basim's dual 8/10 Numerical and Verbal profile makes CA Foundation Paper 3 (Mathematics, Statistics, and Reasoning) and Paper 4 (Business Economics and Communication) the strongest papers. Begin Accountancy and Mathematics from Grade 11.
IBPS PO / SBI PO (Banking — post-graduation)	Public Sector Bank Probationary Officer — banking career gateway	Begin building the five IBPS sections from Grade 9: Reasoning (15 min daily), Quantitative Aptitude (30 min daily Mathematics), English (20 min daily reading), General Awareness (financial news), and Computer Knowledge (Python/coding exploration). All five habits can begin immediately and compound over four years.
IPM-AT (IIM Indore / Rohtak) — most ambitious management launch	Integrated BBA + MBA at IIMs	Begin quantitative and verbal preparation from Grade 11. Basim's dual 8/10 profile is highly competitive for IPM-AT quantitative and verbal sections. Logical reasoning is the preparation gap to close through daily Grade 9-10 practice.
CFA Level I (CFAI) — after UG Year 2	CFA Charterholder — world's most respected investment qualification	No prior degree required for Level I. Begin financial markets reading from Grade 9. Basim's Numerical and Verbal dual excellence directly builds CFA quantitative methods and financial reporting preparation.
FRM Part I / Part II (GARP) — after UG Year 2-3	Financial Risk Manager — global benchmark risk qualification	Begin financial risk awareness reading alongside CFA preparation in Grade 9-10. FRM Part I focuses on quantitative analysis, financial markets, and valuation — directly powered by Basim's Numerical excellence.

7. RECOMMENDED COLLEGES AND UNIVERSITIES

Top Colleges for Finance, Banking and Market Research

Institution	Location	Programme
ICAI (Institute of Chartered Accountants of India)	Pan India	CA Foundation / Intermediate / Final — India's most respected professional finance qualification; direct Banking Manager, Risk Analyst, and CFO-track gateway.
Shri Ram College of Commerce (SRCC) / Miranda House (DU)	New Delhi	B.Com (Hons.) / BA Economics — India's most prestigious Commerce and Economics programmes; exceptional CA, CFA, and banking alumni base.
Ashoka University / FLAME University	Sonapat / Pune	BA Economics / BA Finance — strong Liberal Arts with Economics; excellent analytical foundation for CFA, market research, and fintech careers; generous merit scholarships.
IIM Indore (IPM Programme)	Indore	Integrated BBA + MBA — most prestigious management finance career launch for Grade 12; exceptional for banking, market research, fintech, and CFA track careers.
ISI (Indian Statistical Institute) / NMIMS	Kolkata / Mumbai	B.Stat / BBA Finance — direct quantitative finance and market research analytical career pathways; exceptional for CFA, FRM, actuarial, and fintech data science.

Top Institutions for CFA, FRM and Fintech

Institution	Location	Programme
CFA Institute (CFAI) / FRM (GARP) — Self-study qualifications	Global / Online	CFA and FRM are self-study examination qualifications with no institutional admission requirement; begin CFA Level I from UG Year 2, FRM Part I from UG Year 2-3. Highest return-on-investment finance qualifications globally.
IIT Bombay / IIT Delhi (Financial Engineering / CS with Finance)	Mumbai / New Delhi	M.Tech Financial Engineering / B.Tech CS — premier technology institutions for the quantitative and technology dimensions of fintech and risk management careers.
IDRBT (Institute for Development and Research in Banking Technology)	Hyderabad	Banking technology research and professional development — India's foremost banking technology institution; directly relevant for fintech and digital banking careers.
BSE Institute / NSE Academy	Mumbai	Certificate programmes in Capital Markets, Derivatives, and Risk Management — practical financial markets education supporting CFA, FRM, and banking careers.
Market Research Society of India (MRSI) / ESOMAR	Multiple Cities / Online	Market research professional certification and industry association — direct networking and certification for market research analyst careers.

8. YOUR NEXT STEPS

To receive a personalised and detailed career roadmap tailored specifically to your goals, strengths, and preferences, we recommend booking a one-on-one counselling session with our expert team.

During this session, we will guide you on:

- Detailed education roadmap planning
- Stream and subject selection clarity
- Best-fit colleges in India or abroad based on your profile
- Financial planning and scholarship opportunities
- Complete admission support for colleges in India and abroad
- Application guidance, SOP support, and interview preparation

Connect with MentorMe Career Intelligence & Training Pvt. Ltd. to take the next confident step in your academic and professional journey.

9. OUR GLOBAL UNIVERSITY NETWORKS

MentorMe provides structured university admission support across India and internationally.

Countries We Support for University Admissions

ASIA: India | Singapore | Japan | Malaysia | Vietnam | China | South Korea

EUROPE: UK | Austria | France | Germany | Ireland | Finland | Hungary | Netherlands | Switzerland | Spain | Denmark | Lithuania | Poland | Malta | Belgium | Monaco | Cyprus

NORTH AMERICA: USA | Canada

Additional Study Destinations: Dubai | Russia | New Zealand | Australia

Region	Network Reach
India	100+ Universities
Worldwide	1500+ Universities
