1. YOUR CAREER PROFILE

Hisham, your assessment reveals a strong Individuality Profile of 19.50/25 for a Grade 9 student — with outstanding Empathy (4.50/5), excellent Efficiency (4.25/5) and Emotional Intelligence (4.25/5), and a standout Verbal aptitude (8/10) that is rare in science-oriented profiles. Your recommended careers — Medicine and Surgery, Naturopathy, Veterinary Science, Agriculture Biotechnology, and Emergency and Critical Care Technology — all share a common calling: healing, protecting, and improving life. PCB dominates your subject recommendations (appearing four times), confirming that Science with PCB is your clear and unambiguous stream choice. Grade 9 and 10 are your window to build the Numerical and Logical aptitude that NEET and science entrance exams demand.

Your Core Strengths

Strength	Score	What This Means for Your Career
Empathy: 4.50/5	4.50/5	Outstanding — the most essential quality for a doctor, veterinarian, naturopath, emergency technologist, and biotech researcher. The ability to connect with patients and understand suffering drives clinical excellence across all five recommended careers.
Efficiency: 4.25/5	4.25/5	Excellent execution discipline — critical for emergency and critical care (zero-error patient monitoring), medicine (diagnostic precision), veterinary practice (animal treatment protocols), agri-biotech (experimental methodology), and naturopathy (therapeutic consistency).
Emotional Intelligence: 4.25/5	4.25/5	Strong — supports patient communication in medicine, client empathy in veterinary and naturopathy practice, team leadership in emergency care, and collaborative research in agriculture biotechnology.
Verbal Skills: 8.00/10	8.00/10	Elite — rare in science profiles. Directly powers medical communication (patient history, clinical notes, case presentations), naturopathy counselling, veterinary client education, agri-biotech research papers, and emergency care documentation.
Administrative Skills: 6.00/10	6.00/10	Solid — supports clinical documentation in medicine and emergency care, patient record management in naturopathy and veterinary practice, and experimental data management in agri-biotech.
Exploration: 3.50/5	3.50/5	Strong intellectual curiosity — drives continuous learning in rapidly advancing fields: medical technology, naturopathic research, veterinary science, genomic agriculture, and critical care innovations.

Areas to Develop — Priority Actions for Grade 9 and 10

Area	Score	Development Action
Numerical Skills: 4.00/10	4.00/10	Most critical gap for NEET and PCB stream success. Begin 25 minutes of daily Mathematics practice from Grade 9 — directly builds NEET Physics calculations, Chemistry numerical problems, and biological data analysis ability.
Logical Skills: 4.00/10	4.00/10	Build through daily reasoning practice (10 minutes — puzzles, data interpretation, syllogisms). Logical reasoning underpins medical diagnosis, agri-biotech experimental design, and emergency care clinical decision-making.
Social: 0.00/5 / Artistic: 0.00/5	0.00/5 each	Social confidence builds through volunteering at health camps, veterinary clinics, or community science events. Artistic development is not critical for the science pathway — focus on the technical gaps first.

2. YOUR CAREER INTERESTS & MOTIVATIONS

Your assessment explored different types of career interests, helping identify roles where you will feel naturally engaged and motivated.

Interest Type	Your Score	Career Implications
Realistic (Hands-on)	2.00/5	Joint primary driver — practical clinical and laboratory work orientation confirms alignment with medicine (patient examination), veterinary science (animal procedures), emergency care (equipment operation), naturopathy (physical therapies), and agri-biotech (laboratory and field research).
Investigative (Research & Analysis)	2.00/5	Joint primary driver — analytical curiosity drives medical diagnosis, agri-biotech research, naturopathic evidence-based practice, veterinary disease investigation, and emergency care clinical analysis.
Enterprising (Leadership & Business)	2.00/5	Joint primary driver — developing leadership inclination aligns with medical practice management, veterinary clinic ownership, naturopathy entrepreneurship, agri-biotech research leadership, and senior emergency care roles.
Conventional (Organised)	2.00/5	Moderate organisational inclination — supports clinical documentation in medicine, veterinary practice administration, naturopathy treatment planning, agri-biotech data management, and emergency care protocol adherence.
Realistic (Hands-on) reinforced	2.00/5	All four joint primary interests at 2.00/5 confirm a versatile, multi-orientation profile consistent with the breadth of Hisham's five career recommendations — a genuine all-rounder in both practical and analytical dimensions.

3. YOUR CAREER PATHWAYS — MATCHED TO YOUR PROFILE

Based on your Individuality Profile, Passion Exploration, and Skill Proficiency, the following careers have been identified as your best matches.

EXCELLENT FIT Careers (Top 5)

Career	Salary Range (India)	Why It Fits You
Medicine and Surgery (MBBS)	₹8L → ₹60L+	Your Empathy (4.50/5), Verbal skills (8/10), Emotional Intelligence (4.25/5), Efficiency (4.25/5), and balanced Realistic/Investigative interests create the complete doctor profile. Medicine demands both scientific precision and deep human connection — exactly Hisham's combination. MBBS is India's most prestigious and impactful science career, accessible through NEET with focused preparation from Grade 9.
Naturopathy (BNYS — Bachelor of Naturopathy and Yogic Sciences)	₹4L → ₹22L+	Your Empathy, Emotional Intelligence, Verbal skills, Exploration, and Investigative interest align with naturopathy — evidence-based holistic healthcare using diet, lifestyle, yoga, and natural therapies. BNYS requires PCB and NEET, making this an accessible yet deeply meaningful alternative to MBBS that honours Hisham's compassionate and exploratory nature.
Veterinary Science (BVSc)	₹5L → ₹28L+	Your Empathy (4.50/5), Realistic interest, Efficiency, and Verbal skills support veterinary medicine — diagnosing and treating animal diseases, managing livestock health, and contributing to food safety and public health. India's animal husbandry sector and growing pet care industry create strong demand for qualified veterinarians.
Agriculture Biotechnology	₹5L → ₹30L+	Your Investigative drive, Exploration (3.50/5), Efficiency, Administrative skills (6/10), and Verbal excellence align with agri-biotech — applying genetic engineering and molecular biology to improve crop yield, disease resistance, and food security. ICAR, DBT, and leading agri-biotech firms are major employers.
Emergency and Critical Care Technology	₹5L → ₹28L+	Your Efficiency (4.25/5), Empathy (4.50/5), Emotional Intelligence, Mechanical aptitude (4/10 — developing), and Realistic interest align with emergency and critical care technology — operating life-support systems, ventilators, and patient monitoring equipment in ICUs and emergency departments.

GOOD FIT Careers (Top 5)

Career	Salary Range (India)	Why It Fits You
General Practitioner / Family Medicine Physician	₹8L → ₹35L+	A primary care medicine pathway after MBBS — leverages Empathy, Verbal skills, and Emotional Intelligence for community-level healthcare delivery. The most accessible and socially impactful pathway within Medicine and Surgery.
Clinical Nutritionist / Lifestyle Medicine Specialist	₹4L → ₹20L+	Bridges Naturopathy and Medicine — advising patients on diet, lifestyle, and preventive health. Leverages Empathy, Verbal skills, and Investigative interest for evidence-based wellness care.
Veterinary Public Health Officer	₹5L → ₹22L+	A government-sector progression from veterinary science — managing food safety, zoonotic disease control, and animal welfare at state or national level. Leverages Empathy, Administrative skills, and Conventional interest for public veterinary service.
Agri-Biotech Researcher / Plant Molecular Biologist	₹5L → ₹28L+	Specialises within agri-biotech for crop genomics, plant disease resistance, and food security research. Leverages Investigative drive, Exploration, and developing Numerical aptitude for research-grade biological science.
Paramedic / Advanced Emergency Medical Technician	₹4L → ₹20L+	A direct entry pathway within emergency and critical care — providing pre-hospital emergency care, trauma stabilisation, and patient transport. Leverages Empathy, Efficiency, and Realistic interest for front-line emergency response.

4. YOUR ACADEMIC ROADMAP

Recommended Stream for Grade 11–12: Science with PCB

PCB appears four times across subject recommendations — confirming Science with PCB as the clear, non-negotiable stream choice. Biology is the foundational subject for all five careers: human anatomy and physiology for medicine and naturopathy; animal biology for veterinary science; genetics and molecular biology for agri-biotech; and human physiology for emergency care. Chemistry underpins pharmacology, drug mechanisms, and biochemistry across every health science career. Physics builds the quantitative and systems thinking for emergency care equipment and medical technology. NEET is the gateway examination for MBBS, BNYS, BVSc, and many allied health programmes — making Grade 11 and 12 PCB the most critical two years of Hisham's academic preparation.

Stage	Recommendation
Grade 11–12 Stream	Science with PCB — Physics, Chemistry, Biology (Unambiguous Primary Stream for all five recommended careers)
Focus Subjects	Biology (most critical — human/animal physiology, genetics, ecology underpin medicine, veterinary, naturopathy, agri-biotech, and emergency care); Chemistry (pharmacology and biochemistry foundation); Physics (medical instrumentation and numerical reasoning); English (maximise Verbal 8/10 advantage)
NEET Priority	NEET is the gateway for MBBS (Medicine), BNYS (Naturopathy), BVSc (Veterinary) and select emergency care programmes. NEET Biology carries the highest weightage — begin systematic chapter-wise preparation from Grade 11 with human physiology and genetics as the top priority chapters.
Competitive Exam Target	NEET-UG (MBBS / BNYS / BVSc / Emergency Care allied health); ICAR AIEEA (B.Sc. Agriculture Biotechnology / B.V.Sc.); CUET for B.Sc. Allied Health / Agriculture Biotechnology at Central Universities
Grade 9–10 Priority	Begin 25 minutes daily Maths (most critical gap) and 10 minutes daily logical reasoning from Grade 9. Both directly build NEET Physics and Chemistry numerical performance. Arrange a hospital or veterinary clinic observation visit before Grade 10 — career exposure in Grade 9 builds both motivation and examination focus.
Extra-Curricular	Biology olympiad (NSEB), science fair, NTSE preparation (begin Grade 9), hospital or veterinary clinic volunteer shadowing, NCC for discipline, science magazine reading

5. EDUCATION PATHWAYS (UG → PG)

Undergraduate (UG) Options

Programme	Duration	Career Leads To
MBBS (Bachelor of Medicine and Bachelor of Surgery)	5.5 Years	General Practitioner, Specialist Surgeon, Hospital Doctor, Clinical Researcher, Medical Officer (Government), Medical Educator
BNYS (Bachelor of Naturopathy and Yogic Sciences)	5.5 Years	Naturopath, Lifestyle Medicine Specialist, Yoga Therapist, Wellness Centre Director, Integrative Health Consultant
BVSc (Bachelor of Veterinary Science)	5.5 Years	Veterinarian, Animal Health Officer, Livestock Development Officer, Veterinary Public Health Officer, Zoo/Wildlife Vet
B.Sc. (Hons.) Agriculture Biotechnology (ICAR / Agricultural University)	4 Years	Agri-Biotech Researcher, Plant Molecular Biologist, Seed Scientist, Crop Improvement Researcher, ICAR/ICRISAT Scientist
B.Sc. Emergency and Critical Care Technology (Manipal / CMC / SRM)	3 Years	Critical Care Technologist, ICU Equipment Specialist, Emergency Technician, Ventilator Technician, Paramedic

Postgraduate (PG) Options

PG Programme	Specialisation Focus
MD / MS (Medical Specialisation after MBBS — NEET PG)	Clinical specialisation in General Medicine, Surgery, Paediatrics, Psychiatry, Family Medicine, or Emergency Medicine
MD (Naturopathy and Yoga) / PG Naturopathy	Advanced naturopathic practice, clinical research in integrative medicine, yoga therapy, lifestyle medicine specialisation
MVSc (Master of Veterinary Science)	Veterinary surgery, animal medicine specialisation, veterinary public health, livestock research, zoo animal medicine
M.Sc. Agriculture Biotechnology / PhD (ICAR / IISc / ICRISAT)	Advanced plant genomics, molecular breeding, crop biotechnology, ICAR JRF fellowships, international PhD programmes
M.Sc. Emergency Medicine / Critical Care Technology (Manipal / AIIMS)	Advanced critical care, ICU management, ECMO, perfusion technology, disaster medicine, pre-hospital emergency science

6. ENTRANCE EXAMS & PREPARATION TIMELINE

Exam	For Admission To	Preparation Timeline
NEET-UG (Highest Priority)	MBBS, BNYS, BVSc, and select allied health programmes nationwide	This is the single most important examination for Hisham's career set. Begin NEET Biology preparation systematically from Grade 11 — human physiology (highest weightage), genetics, ecology, cell biology. NEET Physics and Chemistry require the Numerical gap to be addressed from Grade 9 onwards through daily Maths practice.
ICAR AIEEA (UG)	B.Sc. Agriculture Biotechnology and BVSc at ICAR institutions and State Agricultural Universities	Begin from Grade 11. Biology and Chemistry focused. ICAR institutions offer excellent research fellowships and agri-biotech industry placement — NEET and ICAR AIEEA preparation largely overlaps for PCB students.
CUET (Common University Entrance Test)	B.Sc. Agriculture Biotechnology / B.Sc. Allied Health at Central Universities	Prepare from Grade 11 alongside board exams. PCB domain subjects and General Test are the focus areas.
NSEB (National Standard Examination in Biology)	Biology Olympiad — national recognition and KVPY/IISER pathway awareness	Begin Biology olympiad preparation from Grade 9–10. Strong NSEB performance demonstrates exceptional biology aptitude and strengthens NEET preparation simultaneously.
NEET PG (after MBBS)	MD / MS Medical Specialisation — gateway to specialist medicine	Post-MBBS; the next major examination after medicine graduation. Hisham's Verbal (8/10) and Emotional Intelligence are strong foundations for NEET PG clinical case analysis and viva voce.

7. RECOMMENDED COLLEGES & UNIVERSITIES

Top Colleges for Medicine, Naturopathy & Veterinary Science

Institution	Location	Programme
AIIMS (All India Institute of Medical Sciences)	New Delhi / Multiple Cities	MBBS — India's most prestigious medical institution; exceptional research, faculty, and clinical training; highly competitive NEET score required.
Christian Medical College (CMC)	Vellore	MBBS / BNYS / Allied Health — India's most respected private medical institution; exceptional clinical training, patient diversity, and research culture.
SDMCNYS (SDM College of Naturopathy and Yogic Sciences)	Ujire, Karnataka	BNYS — India's most prestigious naturopathy institution; government-affiliated; exceptional clinical training in integrated natural healthcare.
Tamil Nadu Veterinary and Animal Sciences University (TANUVAS)	Chennai	BVSc — India's premier dedicated veterinary university; exceptional research, livestock management, and veterinary public health programmes.
ICAR-Indian Veterinary Research Institute (IVRI)	Bareilly, UP	MVSc / PhD Veterinary Science — India's most respected veterinary research institution; NEET/ICAR AIEEA admission; excellent research and government placement.

Top Colleges for Agri-Biotech & Emergency Care Technology

Institution	Location	Programme
ICAR-Indian Agricultural Research Institute (IARI)	New Delhi	B.Sc. Agriculture Biotechnology — India's most prestigious agricultural research institution; ICAR AIEEA admission; exceptional JRF fellowships and agri-biotech industry placement.
National Centre for Biological Sciences (NCBS)	Bangalore	PhD / Integrated PhD in Agricultural Biotechnology / Biological Sciences — India's premier life sciences research institution (TIFR-linked); for students committed to research careers.
Manipal College of Health Professions	Manipal	B.Sc. Emergency and Critical Care Technology — comprehensive programme with strong clinical infrastructure and hospital placement in emergency and ICU settings.
Sri Ramachandra Institute	Chennai	B.Sc. Emergency and Critical Care Technology / Allied Health — strong clinical training within South India's leading multi-speciality hospital.
University of Agricultural Sciences (UAS), Bangalore / GKVK	Bangalore	B.Sc. Agriculture Biotechnology — strong agri-biotech curriculum with field research and Karnataka's agri-science industry connections.

8. YOUR NEXT STEPS

To receive a personalised and detailed career roadmap tailored specifically to your goals, strengths, and preferences, we recommend booking a one-on-one counselling session with our expert team.

During this session, we will guide you on:

- Detailed education roadmap planning
- Stream and subject selection clarity
- Best-fit colleges in India or abroad based on your profile
- Financial planning and scholarship opportunities
- Complete admission support for colleges in India and abroad
- Application guidance, SOP support, and interview preparation

Connect with MentorMe Career Intelligence & Training Pvt. Ltd. to take the next confident step in your academic and professional journey.

9. OUR GLOBAL UNIVERSITY NETWORKS

MentorMe provides structured university admission support across India and internationally.

Countries We Support for University Admissions

ASIA: India | Singapore | Japan | Malaysia | Vietnam | China | South Korea

EUROPE: UK | Austria | France | Germany | Ireland | Finland | Hungary | Netherlands | Switzerland | Spain | Denmark | Lithuania | Poland | Malta | Belgium | Monaco | Cyprus

NORTH AMERICA: USA | Canada

Additional Study Destinations: Dubai | Russia | New Zealand | Australia

Region	Network Reach
India	100+ Universities
Worldwide	1500+ Universities

10. DISCLAIMER & CLOSING

Disclaimer

This Career Assessment Report has been prepared by MentorMe Career Intelligence & Training Pvt. Ltd. based on psychometric assessment results provided at the time of evaluation. The report is intended for educational and career planning purposes only. Career outcomes depend on a range of personal, academic, and environmental factors that cannot be fully captured by any single assessment. MentorMe does not guarantee specific career or academic outcomes. This report should be used as one of several inputs in a student's overall career planning process. Students and parents are encouraged to consult with qualified career counsellors, educators, and professionals before making final decisions.
