1. YOUR CAREER PROFILE

Umar, your assessment reveals a vibrant and outward-facing profile — an exceptional Enterprising drive (4.00/5 — one of the highest in this cohort), strong Social interest (3.00/5), solid Emotional Intelligence (4.25/5), good Verbal skills (7/10), and a strong Passion Exploration score (12.00/30). 4. YOUR ACADEMIC ROADMAP

Recommended Stream for Grade 11-12: A Two-Pathway Decision

The subject recommendations split between PCB (for animal science) and Any Stream (for social media, sports management, PR, and tourism). This is a genuine two-pathway choice. Commerce with relevant electives — Business Studies, Economics, Marketing/Media Studies (where available), and Mathematics — is the most strategically powerful choice for four of five recommended careers. It builds commercial, management, and communication foundations while Mathematics strengthens Numerical aptitude for management analytics. PCB is the correct choice only if animal science is the definite primary career interest. The key action for Grade 9 and 10 is to explore both worlds directly: visit an animal farm or ICAR institution AND attend a sports event, PR firm, or travel agency to form a genuine personal preference before Grade 11 stream selection.

Stage	Recommendation
Stream Option A — Management (Primary)	Commerce with Mathematics — Business Studies, Economics, Mathematics, English, Marketing elective (if available). Best for Social Media Manager, Sports Management, PR Manager, and Travel and Tourism careers.
Stream Option B — Animal Science	Science with PCB — Physics, Chemistry, Biology. Only if Animal Science is the definite primary career; ICAR AIEEA and NEET awareness required.
Grade 9-10 Priority	Begin daily content creation practice (10 minutes on any device — social media post drafting, photography, or short video) to explore social media and PR career fit. Visit one animal science environment (farm, ICAR, zoo) AND one management environment (sports event, PR agency, travel agency) this year to form clear stream direction.
